

THE RING 58

Meet The Ring 58, the new member of The Ring family. It carries the same welcoming character, curved silhouette and solid construction as the original The Ring 106. With its diameter of 58 cm, this compact version brings the warmth and atmosphere of The Ring to more intimate outdoor spaces.
Small circle. Big fire. Same Wünder.

1. A COMPACT CENTREPIECE

Designed for smaller terraces, intimate gardens and cosy gatherings, The Ring 58 offers the familiar character of The Ring 106 in a more compact format.
Its reduced footprint makes it easy to place, while its distinctive circular silhouette ensures a strong presence, with or without a fire.

2. BEAUTIFULLY BURNING

Carefully positioned openings between the curved steel elements allow extra oxygen to reach the fire. The result is a strong, lively flame with little to no smoke.

3. CLEVER DOUBLE BASE

Ashes are collected discreetly underneath the upper base, inside the fire bowl itself. This integrated double-base construction eliminates the need for a separate ash tray underneath and preserves the clean silhouette of the design.

4. DESIGNED AND MADE IN BELGIUM

Designed by Wünder and produced in Belgium in close collaboration with local craftspeople. A short production chain, carefully selected materials and a clear construction come together in a fire bowl made to be enjoyed for many seasons.
