

THE RING

Welcoming, warm, and solid. Fire bowl The Ring is a rough beauty with a sweltering hot heart. Its curved shape with vents between the slats providing extra oxygen for the fire, makes a good, hefty flame and little to no smoke. Tout feu tout flamme, quoi.

MATERIALS

The Ring has a generous diameter of 105 cm and is made from high-quality corten steel, giving it a modern look all while maintaining a sturdy durable coating. The feet, hidden almost entirely underneath the bowl, let The Ring hover gently above the ground.

VARIATIONS

- Olive green | RAL6003
- Corten Steel

SPECIFICATIONS

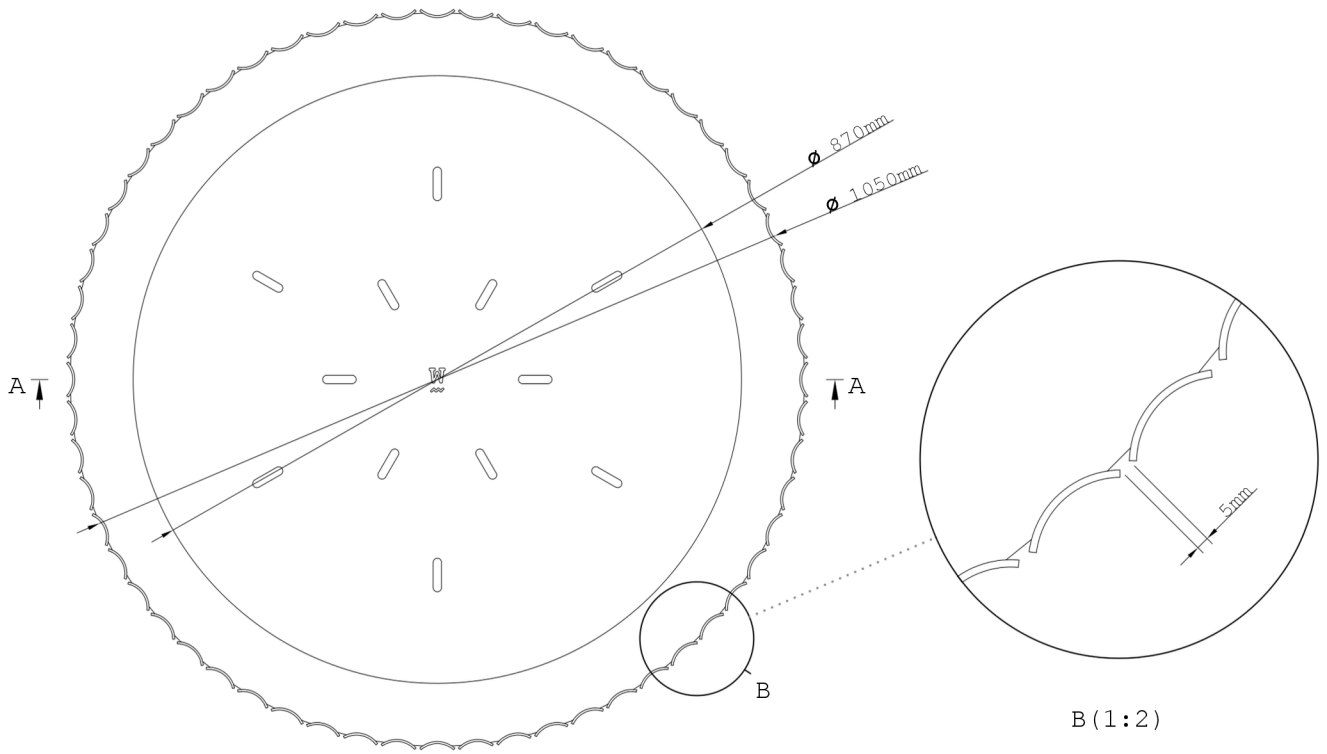

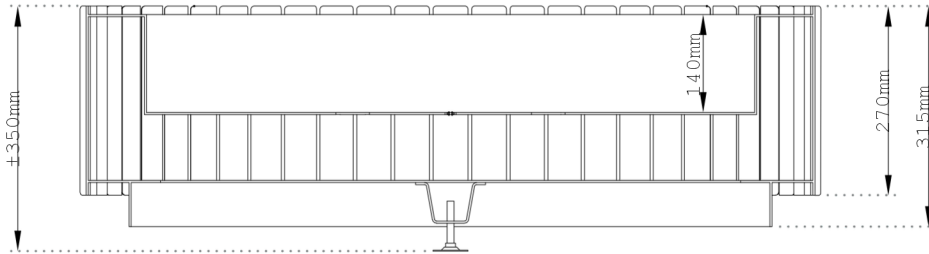

Diameter: 105 cm
 Weight: +/- 60 kg
 3mm Corten Steel
