01.

- Mount the bracket on the arm as shown. Use a 9 mm wrench.
- When mounted on The Table or The Circle, the bracket should be installed with the thumb screw facing upward.

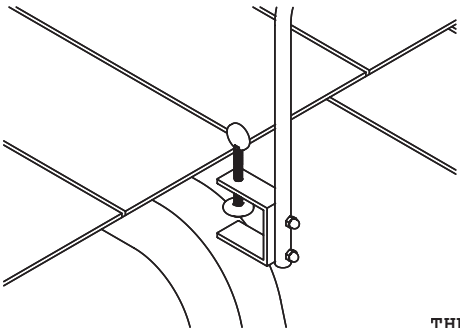

THE TABLE
THE CIRCLE

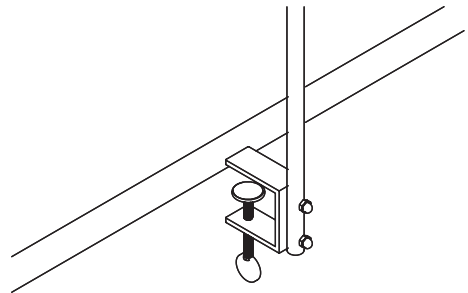

CUSTOM TABLE

02.

- Secure the bracket to the centre of the tabletop.

CUSTOM TABLE

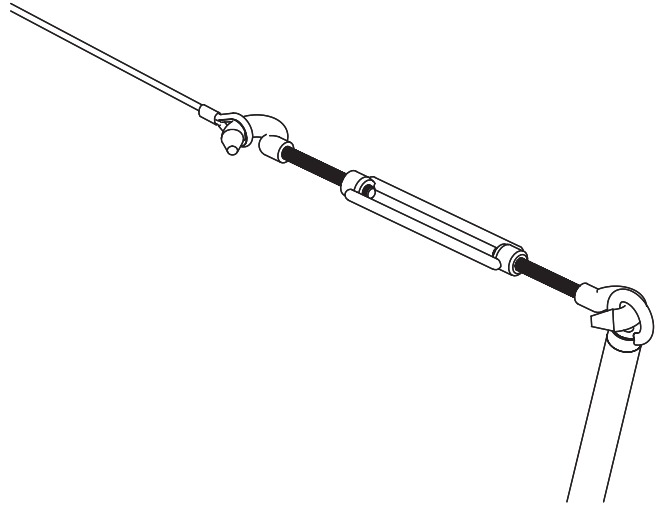

03.

- Use the D-shackle to attach the end of the steel cable to the arm.

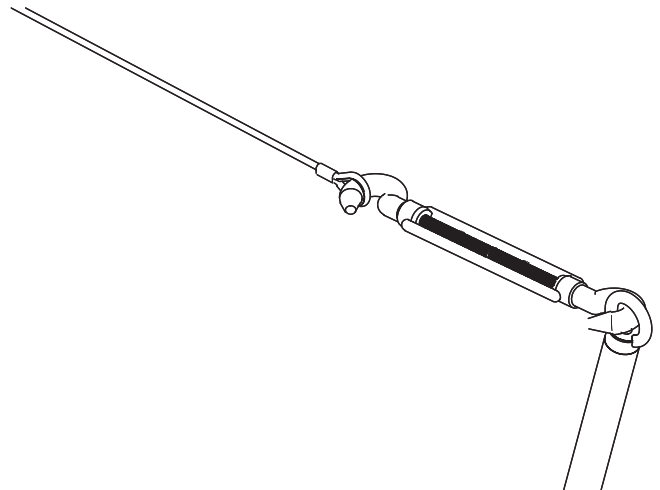

04.

- Fully extend the turnbuckle, then attach the free end of the steel cable to it.

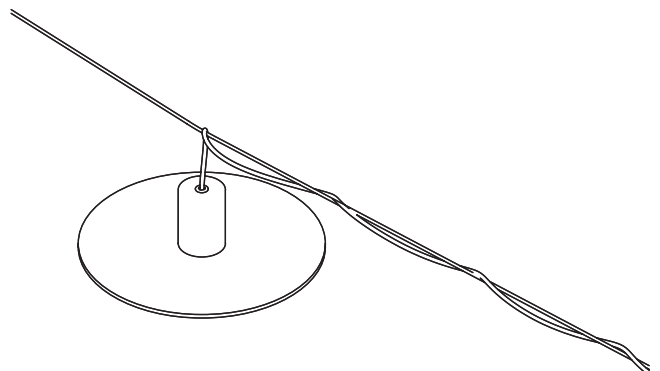

05.

- Tighten the turnbuckle until the steel cable is taut.

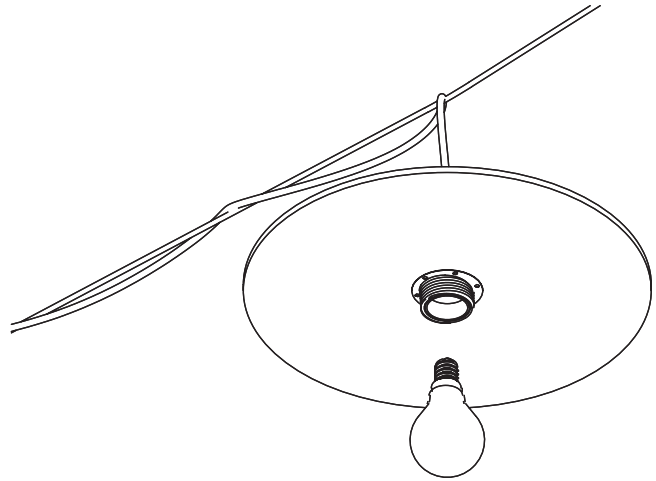

06.

- Wind the power cord of the fixture around the steel cable.

07.

- Screw the E27 bulb into the fixture.

08.

- Plug The Disc into a suitable power outlet.

IMPORTANT NOTES

- Disconnect from power before installing or replacing the bulb.
- Do not use the product if the power cord, plug or socket is damaged.
- Ensure both brackets are securely tightened before tensioning the cable.
- Do not overtighten the turnbuckle.
- Ensure the steel cable is properly secured before hanging the fixture.
- 220-240 V
- 1 × E27 LED bulb, max. 12 W
- CAUTION: The Disc is designed exclusively for glass LED bulbs (no porcelain or opal glass) and has been tested for compatibility with A60, ST64, G95 and G125 bulb shapes.
